

HOW TO USE YOUR VACUUM BLENDER

Vacuum Blending with Your Total Crushing Pitcher

- 
- 1 Set the pitcher on a level surface and place the FreshVac™ pump on top of the green vacuum release seal on the lid.
 - 2 To vacuum-seal the pitcher, hold the pump in place over the seal. Press the power button on top of the pump once to begin vacuum-sealing. The light on the pump will illuminate in white while vacuum-sealing is in progress.
 - 3 When vacuum-sealing is complete, the pump will shut off automatically and the green light on the pump will illuminate.
 - 4 To release the pump from the pitcher, press the eject button on top of the pump located on the bottom front of the pump.
 - 5 Blend ingredients as instructed in Total Crushing Pitcher section.
 - 6 When blending is complete, pressure must be released from the pitcher through the green seal before opening the lid.

Vacuum Blending with Your Single-Serve Cup

- 
- 
- 1 Place the Pro Extractor Blades® Assembly on the top of the cup and turn clockwise to seal.
 - 2 Open the Flip & Seal Lid by pressing and lifting the latch. Set the FreshVac™ Pump on top of the FreshVac™ Tab. The pump **DOES NOT** lock into place on the lid.
 - 3 To vacuum-seal the cup, hold the pump in place over the seal. Press the power button on top of the pump once to begin vacuum-sealing. The light on the pump will illuminate in white while vacuum-sealing is in progress.
 - 4 When vacuum-sealing is complete, the pump will shut off automatically and the green light on the pump will illuminate. To release the pump from the cup, press the eject button located at the bottom front of the pump.
 - 5 Close the vacuum seal cap. Press it closed until it clicks into place.

WARNING: Handle the blade assemblies with care when washing, as the blades are sharp. Contact with the blades' edges can result in laceration.

CLEANING

Dishwasher: The containers, lids, and blade assemblies are all dishwasher safe. The lids and blade assemblies are top-rack dishwasher safe. Ensure the blade assemblies are removed from the containers before placing in the dishwasher.

Hand-washing: Wash containers, lids, and blade assemblies in warm, soapy water. When washing the blade assemblies, use a dishwashing utensil with a handle to avoid direct hand contact with blades. Handle blade assemblies with care to avoid contact with sharp edges. Rinse and air-dry thoroughly.

Before first use, remove the protector from the touchscreen by pulling the "PEEL HERE" tab.

Touchscreen: Clean touchscreen with a soft dry cloth to avoid scratching. To remove residue from the screen, you may use an all-purpose cleaner.

WARNING: Always unplug the base before cleaning.

WARNING: Handle the blade assemblies with care when washing, as the blades are sharp. Contact with the blades' edges can result in laceration.

QUICK START GUIDE

TOTAL CRUSHING® PITCHER

PARTS

2.1 TOTAL CRUSHING®
FRESHVAC PITCHER

PITCHER LID

CHOPPING BLADE
ASSEMBLY

ASSEMBLY

1 Place Pitcher on base and turn clockwise to lock in place.

2 Holding Stacked Blade Assembly by the top of the shaft, insert it into pitcher.

3 Align arrows on pitcher lid and handle, then lower handle to lock in place.

BLEND & ENJOY

Connect the base to power source. Press the Power symbol. After the unit is turned on, display will flash "1 2 3" until the pitcher is correctly connected to the base.

1 Select any of the illuminated programs to begin.

2 When blending is complete, turn pitcher counterclockwise and lift to remove.

3 To pour out thinner mixtures, ensure lid is locked in place, then open pour spout.

4 For thicker mixtures, press RELEASE button and lift handle to remove lid, then carefully lift out blade assembly before pouring.

Once a container is locked onto base, the program buttons compatible with that container will illuminate.

WARNING: Stacked Blade Assembly is sharp and not locked in place. Make sure lid is locked onto pitcher before pouring contents. If pouring without lid, carefully remove blade assembly first. Failure to do so will result in a risk of laceration. Refer to the Ninja® Owner's Guide for additional information.

DOUGH BLADE
ASSEMBLY

ASSEMBLY

1 Place Precision Processor Bowl on base and turn clockwise to lock in place.

2 Holding the blade assembly by the top of the shaft, insert it into bowl.

3 Align arrows on bowl lid and handle, then lower handle to lock in place.

PROCESS & ENJOY

Connect the base to power source. Press the Power symbol. After the unit is turned on, display will flash "1 2 3" until the bowl is correctly connected to the base.

1 Select any of the illuminated programs to begin processing.

2 When processing is complete, remove bowl from base by turning it anti-clockwise, then lifting it off.

3 Remove lid by pressing the RELEASE button on side of front tab and lifting up.

4 Remove blade assembly before emptying bowl.

Once a container is locked onto base, the program buttons compatible with that container will illuminate.

WARNING: Chopping Blade Assembly is sharp and not locked in place. Before pouring, carefully remove blade assembly. Failure to do so will result in a risk of laceration. Refer to the Ninja Owner's Guide for additional information.
